Lester Snow

Executive Director, CALFED
1416 Ninth St.
Sacramento CA 95814

Dear Mr. Snow

Please consider this letter a response to the revised CALFED plan.

PLEASE DO NOT RAISE THE SAUSALITA DAM!!!

I have grown upon California rivers & enjoy the recreational & naturalist uses of the river as an adult.

I support CALFED's proposed restoration goals for the Central Valley, including removing some facilities such as the Englebright Dam. Instead efforts should be heightened to expand efficiency, conservation, & reclamation programs.

I oppose CALFED's plan to increase surface water storage in the Central Valley by ~~the~~ raising existing dams or building new offstream storage reservoirs.

One of California's greatest strengths are her varied and majestic natural habitats. Please refuse to be a part of their destruction

Sincerely
